Thus if we are sold out new supplies may take between six and eight weeks to despatch from receipt of your order. Please enclose a stamped addressed envelope with your order if you require an acknowledgement of your order.

QUALITY

It is our aim to provide good quality prints, however, as the quality of the negatives varies, the poorer subjects are included for the benefit of researchers. It is regretted that we cannot offer reduced prices for prints from inherently poor negatives - the prints still cost the same to produce. In order to help you with your selection, lists will show the following quality grading:-

- 1 - Indicates a sharp well composed and well exposed photograph;
- 2 - Indicates a slight deficiency in sharpness, contrast etc.
- 3 - Indicates a significant deficiency in sharpness, or spots, streaks etc. the photograph is listed for historical interest.
